## Specifications

|                     |                  |
|---------------------|------------------|
| Power type          | Constant Voltage |
| Light source        | 1 x POWER LED    |
| Supply              | 10 ÷ 30 V        |
| Power consumption   | 1.5 W            |
| Current consumption | 0.06 A @ 24 V    |
| Average lifetime    | 50,000 h         |
| IP security degree  | 40               |

## Design

|                |                 |
|----------------|-----------------|
| Frame material | BLACK COMPOSITE |
| Finishings     | BLACK           |
| Light colours  | W.WHITE-RED     |
| Mounting       | SCREWS          |
| Flexible       | Yes             |
| Switch         | Yes             |

## Certifications

LED Protection: Spike protected ± 500V  
Polarity sensitive: YES
